# ANNUAL **REMITALL WEST** BULL SALE

**W**elcome to the 2025 Remitall West Bull Sale. The Remitall West Bull Sale is a great opportunity to select your next breeding and walking bulls. This elite group of bulls is made up of three super breeding options – Polled Hereford, Hereford Plus and Angus. All Remitall West bulls sell with a complete set of actual weights, ultrasound carcass data, EPDs, scrotal measurements, semen test, Vet inspection and over 60 years of experience in producing some of the world's leading genetics.

Our breeding philosophy has always been to produce cattle with a cattleman's common sense approach.

- We gather as much actual weight data as possible from birth to weaning, to yearling and to sale day so you can see how our cattle performed in real time.
- All sale bulls will have actual ultrasound carcass data, so you won't have to guess what's underneath the hide.
- We show our cattle not for the fluffy wash and hair cut, but to expose our breeding program to the public and to see how we compare with our fellow breeders. We view competition as a great inspiration that keeps us striving to produce the industry's leading breeding cattle.
- We work hard at having a very functional cow herd and have done so for over sixty years. These cows make up 100% of our family living so we can't play games. We don't expect our cows to live on just snowballs, but they do perform very well on a high roughage diet of straw and silage.
- We value you and your support of our program. We confidently stand behind our bulls to perform to everyone's satisfaction and fully guarantee them as such.

You are welcome to come to the ranch and view the bulls any day up to and including Sale Day. All the bulls were pictured and videoed in February by the Latimer family and are an accurate representation of the bulls selling. Videos will be posted ahead of the Sale on our website at [www.remitallwest.com](http://www.remitallwest.com) and on DLMS at [www.dlms.ca](http://www.dlms.ca). Sale Day will be a live auction at the Remitall West heated sales facility with videos of each lot on screen. The Sale will be broadcasted online and real time bidding with DLMS will also be available for those that are unable to attend in person. Complimentary lunch will be served before the Sale and we welcome everyone to attend.

If you have any questions, please feel free to contact anyone of the Latimer family or Sales Staff listed in the catalog.

We look forward to seeing everyone Sale Day, Thursday, March 27, 2025 at 1:00 p.m. Refreshments and social to follow the Sale.

*The Latimer Family*  
*Bryan, Annette, Emily, Isaac & Zachary Latimer*

## TERMS

The terms of the sale are cash or cheque, payable at par at the sale location unless satisfactory invoicing arrangements have been made prior to the sale. E-transfers and money wires are also accepted on sale lots that are invoiced. The right of property shall not pass until full settlement has been made.

## DELIVERY

Canadian purchases – Ontario and East, sale cattle will be delivered on Knill's Trucking at the buyer's expense. Western provinces, if possible and we are able we can deliver sale bulls at the buyer's expense. Please make contact with us sale day if you will need assistance getting the cattle to your location.

## USA PURCHASES

Sale cattle purchases can be put on Knill's Trucking and delivered into the USA at the buyer's expense. Remitall West guarantees all sale cattle to pass any health requirements to any of the states in the USA.

## INSURANCE

It is our endeavour to have happy customers and to have the sale cattle arrive at their new destination safely and in good health. Each animal does become the responsibility of the purchaser as soon as sold, therefore buyers are urged to insure animals for their full value.

## LIABILITY

The owners, their employees, sale staff and representatives accept no liability for any accidents that may occur at the sale, persons who attend do so at their own risk.

## GUARANTEE

The cattle will carry the guarantee as recommended by the Canadian Hereford Association and the Canadian Angus Association. Remitall West stands behind all animals sold in the sale. All sale cattle are guaranteed to be carrier free of any known genetic defects unless otherwise stated.

## VACCINATIONS

Remitall West vaccinates all calves born here in June and again in September with Vista Once SQ and Vision 8 Somnus with Spur. All cattle are treated routinely with Ivermectin and other Pour On's for parasite and Lice control.

## ANNOUNCEMENTS

Announcements made by the auctioneer on sale day supersede any printed material.

## ONLINE BIDDING

Real time viewing and bidding is available through DLMS, [www.dlms.ca](http://www.dlms.ca). Please contact Mark Shologan at 780 699 5082 or 780 991 3025 if you have any questions or you want to set up a new account.

## EPD'S

EPD's are current at the time of printing. Remitall West reserves the right to collect semen on any bull selling for our own in herd use at our expense and the buyers convenience.

Fire Storm 138L a super young sire whose first calves are hitting the ground this spring with exciting results. His first progeny will be featured in our 2025 Fall Female Sale and our 2026 Bull Sale. Fire Storm was the 2024 Red Deer Hereford Showcase Reserve Champion Bull and Grand Champion Marbling Carcass Bull. Over \$100,000 in syndicate semen packages have been sold across Canada on this great young bull. Watch for progeny from the progressive breeders who have used him.

Canon 31L was used heavily in our breeding program last spring with his first progeny arriving now. To say that we are elated with the results would be an understatement. Canon is consistently adding eye pigmentation, dark hair coats, moderate birth weights with loads of eye appeal. Canon was the \$17,000 high selling bull in our 2024 Bull Sale to Dallas Farms, AB.

BEST OF BOTH WORLDS

# HEREFORD PLUS

The goal in our Remitall West Hereford Plus Program is to build some of the best beef cattle the industry has to offer. We are cutting no corners to achieve this. We are taking our top producing mature Angus females and AI mating them to our elite Polled Hereford herd sires. We are building a super animal – the best of both worlds. They excel in every area: temperament, performance, carcass, pigment, udder quality, mothering ability and longevity.

Bred with versatility in mind, these bulls come in black or red to suit your program.

### Authority 2M LOT 27

Authority 2M winning Grand Champion Hereford Plus Bull at the 2024 Red Deer Hereford Showcase. Authority was also the heaviest bull calf at the show. His popularity at the show was electric with many breeders commenting that he was one of the most powerful individuals they had seen out last fall.

REMITALL QUEEN 522T

Diamond 64M is another example of the quality that is coming out of our Hereford Plus program. His dam 24C has "Elite Dam" status with the CAA herd book, a testament to her life time production and our commitment to produce the best cattle possible. Diamond himself has a beautiful phenotype and is loaded with eye appeal. A great young bull that will have you building a herd full of daughters from him.

150M

Trust 60M is eye appealing with a very good muscle shape. He is a twin to Lot 48. The dam 18F raised them both and did an outstanding job, a super mother for sure.

Monarch 150M is a very moderate birth weight bull that came in last fall as one of the top gaining calves. He posted a sensational 116 weaning index placing in the top three of his contemporary group. His EPDs for performance and moderating birth weights also indicate Monarch will be a valuable breeding tool.

157M

Trident is a low birth weight bull that still carries strong performance. He posted a solid yearling index of 103 and has an exceptional spread from birth to yearling growth on his genetic EPDs.

Marshall 157M will be a calving ease specialist and perfect for a group of heifers. Solid weighing bull as well with a stellar 780lbs 205 day weight and a 1187lbs 365 day weight.

13M

Drifter 13M has the light birth weight to work in the heifer pen but also the age and size to run with the mature cows. Typical of 58H sons they have the super genetics to lower birth size yet add growth and performance. Add these breed leading genetics by using a 58H son.

Calving ease, calving ease, calving ease, 58H sons have it. Be kind to your heifers and put one of his sons work in your heifer pen. Axel's grand dam was a very important donor cow in getting our Angus herd re-established after the 2008 Remitall dispersal.

90M

Nirvana 90M carries a lot of natural depth of body, thickness and muscle shape. He injured a back leg shortly after weaning but is back 100% now and really gaining back his pre-weaning form. Take a second look at this guy.

REMITALL W BLACKBIRD 136F

REMITALL WEST BREAKOUT 63C

REMITALL W BLACKBIRD 43D

Embassy is the youngest Angus bull in the offering but quite possibly one of the best. He is a tremendous performing individual, his superb 205 day weight of 864lbs garnered him a 114 weaning index ratio to finish in the top four of his contemporary group. He did all this with just a 79lbs birth weight.
